DEFINITIONS AND KEY INFORMATION

CLASSIFICATIONS

Skilled Nursing Facility (SNF): A licensed facility that provides 24-hour medical care services by registered nurses, licensed practical nurses, and nurses aides for seriously ill people who do not require hospitalization.

Intermediate Care Facility (ICF): A facility licensed by the State to provide nursing care and related medical or other personal health services on a 24-hour basis to individuals who do not require the degree of care and treatment provided by a hospital or skilled nursing facility.

FINANCIAL PROGRAMS

Nursing Homes have the option of participating in the Medicare and Medicaid programs.

Medicaid (MA or Medical Assistance): A State program with partial Federal funding which pays for certain medical expenses. The medical program provides both short-term and long-term financial assistance for Nursing Home care. Middle income families may qualify for this program. Many older residents often deplete their resources and become eligible for Medicaid. If applying for Medicaid, a pre-admission assessment is required. Before admission, be sure you understand the Home's policy for transfer of patients from private pay to Medicaid status.

There is **one** office in Delaware County which administers the Medicaid program for Nursing Home applicants:

Delaware County Assistance Office
701 Crosby Street
Chester, PA 19013
Phone: 610-447-5500

Forms for the Medicaid program may be obtained from this office:

County of Delaware Services for the Aging (COSA)
Pre-Admission Assessment
206 Eddystone Avenue, 2nd Floor
Eddystone, PA 19022
Phone: 610-490-1300

Medicare: A Federal program which pays for certain medical services for persons who are sixty-five or who are disabled, regardless of their income. Medicare can only provide short-term financial assistance for Nursing Home care. The Medicare handbook contains information on which conditions must be met to qualify for this program. For specific information on Medicare, contact COSA, Information and Referral Unit, at 610-490-1220 or call your local Social Security Office at 1-800-772-1213.

Nursing Homes participating in the Medicaid and/or Medicare programs are certified to do so in addition to having a State license.

LICENSE

Nursing Home facilities must be licensed by the Pennsylvania Department of Health. There are two types of licenses.

Regular License: A license to operate a Nursing Home for one full year which certifies that the Home has substantially complied with the State Inspection standards.

Temporary or Provisional License: A license to operate a Nursing Home for less than one full year which indicates that the Home has not met significant State Inspection standards. The Pennsylvania Department of Health records information on the specific violations against the Home. If a Home you are considering has a temporary or provisional license, you should be aware of the specific reason for this status. The Pennsylvania Department of Health's regional office in Norristown has information on licensure status and specific violations (if any) against the Home. The Department of Health can be contacted at:

1937 New Hope Street
Norristown, PA 19401
610-270-3475
610-270-3636
